Features and Benefits

Made in Canada

Anti-microbial

Mildew Resistant

Bromine-free, no Halogenated Flame Retardants (HFRs)

REACH compliant; non toxic; no heavy metals; no mercury

RoHS compliant

Superior Tailorability

Enhanced Abrasion Resistance

No Bisphenol A (BPA)

No Ozone Depleting Chemicals

No PBTs (Persistent Bio accumulative and Toxic Chemicals)

Contains bio-based renewable ingredients

26P Phthalate Free

Recommended Applications

Residential / Home Office

Hospitality

Healthcare

Corporate (Sundance and Natural Linen only)

Work Stations (Sundance and Natural Linen only)

RV (Sundance only)

Automotive (Sundance only)

Marine (Sundance and Natural Linen only)

Care and Cleaning Instructions

Morbern vinyl requires periodic cleaning to maintain its neat appearance and to prevent the build-up of dirt and contaminants that may permanently stain and reduce the life of the vinyl if they are not removed. The frequency of cleaning depends upon the amount of use and environmental conditions to which the vinyl is subjected. Vinyl upholstery will absorb stains and dyes from fabrics that "crock" or bleed, for example blue denim or bright prints. A vinyl protective finish sold in furniture or automotive stores, may help to protect the upholstery by resisting or retarding the absorption of these stains. Some household cleaners and solvents remove plasticisers from vinyl making it brittle and this should not be used.

The procedures used for cleaning are dependent upon the end use circumstances.

For Normal Cleaning

In general, most stains can be easily cleaned using warm, soapy water and clear water rinses. Moderate scrubbing with a medium bristle brush will help loosen soiling materials from the depressions of embossed surfaces. For more stubborn stains, use the following commercially available mild detergents in accordance with the manufacturer's instructions:

Tex Aktiv* and 303 Product Detailer*

*When opening a new container, please test the cleaner in an inconspicuous area as cleaner manufacturers may change formula without notice. Morbern cannot be responsible when unknown changes are made by the manufacturer of the cleaner to their formulations.

Detailed cleaning instructions on how to remove specific stains and other specific advice are available online or from your Morbern vinyl supplier

Morbern

Morbern is one of North America's leading manufacturers and innovators of decorative vinyl upholstery fabrics. For over 50 years our focus has been on delivering total design and performance solutions in vinyl upholstery. From our large stock selections in Europe to almost unlimited custom capabilities, Morbern vinyl upholstery is the choice for discerning designers and specifiers. Our products are developed for, and specified in, numerous prestigious applications.

Sundance

Sundance simulates the look of canvas with a tightly woven appearance. All 36 colours handle whatever comes their way thanks to the ***MGX MorGuard Xtreme™** top coat. Sundance's anti-microbial and mildew resistant properties make it a smart choice for healthcare, hospitality and all-weather environments.

***MGX MorGuard Xtreme™** is a stain-resistant and cleanable topcoat that protects against, and easily cleans, the toughest soiling agents (including mustard, marker and ball point pen).

Natural Linen

Natural Linen eliminates the need to choose between aesthetics and performance. Resistant to stains, bleach, chemicals, and bacteria, Natural Linen is also durable, protecting against scrapes and scuffs – a versatile 15 colourways textile look vinyl for a variety of upholstery applications.

(u)phoria!

Morbern has married the performance of vinyl upholstery with the aesthetic beauty of fabric and created (u)phoria!. Whether you're designing an upmarket restaurant, a hospital patient room or a multitude of other environments such as casinos, clubs, cruise ships, hotels, resorts or spas, (u)phoria! is performance with style and flair. Thanks to Morbern's digital printing technology the world is now your canvas. Dream it. Design it. Create it. And bring it to life with (u)phoria!.
